

Enhancing flavor - It's in our roots.

Some say we're horseradish aficionados. It makes sense to be thought of that way because we've been growing it since 1929. That's over 95 years of experience farming, processing, and using horseradish in cuisine. Because we have such high standards, the quality of our roots is second to none. So when you buy horseradish products from Silver Spring Foods, you know you're getting the absolute best.
